Rules of Conduct

None specified

Washakie CWMU Description

The Washakie CWMU is located southwest of Portage, Utah and west of Washakie, Utah on the West Hills. Higher elevations occur on the north and northwest of the Unit. In the northwest the high elevation is **6900 feet**, in the southwest 6100 feet, and in the northeast, 6000 feet on Lemon Peak. There are four drainages that cut the Unit, Portage Canyon (5100 feet to 5800 feet) which forms part of the north border, Ruff Canyon (**4600 feet** to 6600 feet), Broad Canyon (4700 feet to 6200 feet), and Little Canyon (4900 feet to 6300 feet).

Inter-Mountain Basins **Big Sagebrush Shrubland** (48) is the dominant land cover type on the Washakie Cooperative Wildlife Management Unit (CWMU). Another important land cover type is Rocky Mountain Bigtooth **Maple Ravine Woodland** (23). And, Great Basin **Pinyon-Juniper Woodland** (37) is scattered throughout the unit, but more dominant at the lower elevations.
